Dear Mr Anderson

We are writing to say how pleased we are with the two flat roofs recently installed by your company for us. We would like to thank you personally for your time and assistance in helping us come to a decision prior to placing the order.

Everyone we met from your initial visit through to completing the work was courteous, helpful and considerate at all times. Regarding the actual flat roof installation please pass on our thanks to Martin, Declan and Liam for all their hard work whilst constantly trying to anticipate when the next lot of rain was coming, not sure how they managed it – but they did! Also thanks please to John who fitted the window and also to Mike and Harrison, whilst we only saw them fleetingly it's obviously all based on teamwork and collectively everyone who came here was a credit to your company.

We previously used C&G Cladding Limited in 2003 (for flat roofing and fascias) and were very impressed, so in 2018 when we needed flat roofs, we turned to your company again. Fifteen years on we have not been disappointed, we remain very impressed and would have no hesitation in recommending your company in the future.

Kind regards
